FIR

Dwarf Balsam Fir ☉☐ #ABIBANA

Abies balsamea 'Nana' (125 cm spread) Zone 5
A round, flat-topped dwarf fir with dark green foliage. Good in rock gardens or foundation plantings. 60 cm tall.
2 gal.....64.99

FALSE CYPRESS ☉

A diverse family of evergreen that includes the popular Weeping False Cypress and many slow-growing smaller types with interesting foliage in a variety of colours. Best in moist, well-drained soils.

Fernspray Gold #CHAOFBS

Chamaecyparis obtusa 'Fernspray Gold'
(2 m) Zone 5
Beautiful slow-growing variety with graceful curved branches and short golden fern-like foliage. 125 cm wide.

NO GUARANTEE OVER WINTER
70 cm...6 gal...249.99

Compact Fernspray ☉☐ #CHAOFDF

Chamaecyparis obtusa 'Filicoides Compacta'
(150 cm) Zone 5
Compact and upright with arching branches. Deep green fern-like foliage. 125 cm wide.

NO GUARANTEE OVER WINTER
NOT AVAILABLE FOR 2017

Goldilocks Hinoki #CHAOFGL

Chamaecyparis obtusa 'Goldilocks'
(5-10 m) Zone 5
Upright pyramidal evergreen with dense bright lemon-yellow foliage. Prefers rich, moist, well-drained acidic soil. 3-4 m wide.

NO GUARANTEE OVER WINTER
80 cm...5 gal...139.99

Kamaeni Hinoki ☉☐ #CHAOFKA

Chamaecyparis obtusa 'Kamaeni Hiba'
(90-120 cm) Zone 4
A dwarf evergreen with twisted branches that have an irregular upright habit. The foliage is a golden-yellow to light green in colour. Works well in a small landscape as it is a slow grower. Sun to partial shade.

NO GUARANTEE OVER WINTER
50 cm...5 gal...109.99

Koster's Hinoki #CHAOFKO

Chamaecyparis obtusa 'Kosteri' (80 cm) Zone 4
The most elegant member of the Hinoki family. Large fans of lush green foliage in gentle waves.

NO GUARANTEE OVER WINTER
30 cm...3 gal...79.99

Dwarf Gracilis Hinoki #CHAOFNG

Chamaecyparis obtusa 'Nana Gracilis'
(1.5 m) Zone 5
Slow-growing variety with upright pyramidal form and thick dark green foliage.

NO GUARANTEE OVER WINTER
25 cm...2 gal...64.99 30 cm...3 gal...74.99

Also available in tree form:
30 cm...5 gal...169.99

Golden Dwarf Hinoki #CHAOFNL

Chamaecyparis obtusa 'Nana Lutea'
(125 cm) Zone 5
Slow-growing dwarf evergreen with interesting burnished gold foliage. Good in rock gardens, Japanese gardens or foundation plantings.

NO GUARANTEE OVER WINTER
2 gal.....64.99 3 gal.....109.99

Also available in tree form:
30 cm...5 gal...169.99

Cream Ball ☉☐ #CHAFICB

Chamaecyparis pisifera 'Cream Ball'
(60-90 cm) Zone 5
Dwarf rounded evergreen with dense white-green foliage. Prefers rich, moist, well-drained acidic soil. 40 cm...5 gal...129.99

Curly Tops Dwarf #CHAFCT

Chamaecyparis pisifera 'Curly Tops' (1-2 m) Zone 6
Unusual upright evergreen with fluffy blue contorted and curled foliage that is tinged with violet-purple in winter.

NOT AVAILABLE FOR 2017

Golden Charm Threadleaf #CHAFPGC

Chamaecyparis pisifera filifera 'Golden Charm'
(150 cm) Zone 5
Mounding habit and bright yellow foliage.
30 cm...3 gal...39.99

Golden Mop Threadleaf #CHAFPGM

Chamaecyparis pisifera filifera 'Mops'
(100 cm) Zone 4
Mounding evergreen with bright golden thread-like foliage. 100-125 cm wide.
3 gal.....34.99

UPRIGHT JUNIPER

Mountbatten Juniper ☉☐ #JUNCHMB

Juniperus chinensis 'Mountbatten' (3 m) Zone 4
Popular upright juniper with prickly silver-green foliage. Hardy and dependable. Maintain height and density with annual shearing. 1 m wide.
150 cm...bb...74.99 175 cm...bb...99.99

Also available in Spiral form:
150-175 cm...bb...169.99 185 cm...wb...199.99

Pencil Point Juniper ☉☐ #JUNCOPP

Juniperus communis 'Pencil Point' (2-3 m) Zone 5
Narrow columnar evergreen resembling a pencil in outline. Green needles with silver bands.
25-30 cm wide.
50 cm...3 gal...89.99 100 cm...5 gal...129.99

Spartan Juniper ☉☐ #JUNCHSP

Juniperus chinensis 'Spartan' (4 m) Zone 5
Compact upright habit with bright green foliage and inedible blue berries. 125 cm wide.
100 cm...7 gal...99.99

Wichita Blue Juniper ☉☐ #JUNSCWI

Juniperus scopulorum 'Wichita Blue' (2 m) Zone 4
Dense bright blue foliage all year. Some annual shearing is advisable. 125 cm wide.
NOT AVAILABLE FOR 2017

Blue Arrow Juniper ☉☐ #JUNVIBA

Juniperus virginiana 'Blue Arrow' (2.5 m) Zone 4
Attractive dense narrow pyramidal upright form and rich blue foliage. Improved 'Skyrocket'. 80 cm wide.
125 cm...99.99 200 cm...bb...199.99

Also available in Poodle form:
15 gal.....369.99

SPREADING JUNIPER

Blaauw Juniper #JUNCHBL

Juniperus chinensis 'Blaauwii'
(1-2 m spread) Zone 5
Upright vase-shaped evergreen with prickly blue-green foliage. Tolerates severe pruning. 2-3 high.
40 cm...3 gal...34.99

Gold Coast Juniper #JUNCHGC

Juniperus chinensis 'Gold Coast'
(150 cm spread) Zone 4
Compact form with lacy bright golden foliage.
1 m high.

NOT AVAILABLE FOR 2017

Mint Julep Juniper #JUNCHMJ

Juniperus chinensis 'Monlep'
(150 cm spread) Zone 4
Mint green foliage in arching form to 100 cm tall. Perfect height for placement under windows.
40 cm...3 gal...34.99
Also available in pom pon form:
5 gal.....269.99

Old Gold Juniper #JUNCHOG

Juniperus chinensis 'Old Gold'
(100 cm spread) Zone 5
Compact spreading evergreen with bright yellow-green foliage. 60 cm high.
40 cm...3 gal...34.99

Paul's Gold Juniper #JUNCHPG

Juniperus chinensis 'Paul's Gold'
(60 cm spread) Zone 3
Compact spreading habit with very bright golden foliage. 50 cm high.
40 cm...3 gal...34.99

Blue Pacific Juniper #JUNCOBP

Juniperus conferta 'Blue Pacific'
(100 cm spread) Zone 5
Distinctive blue-green tufted foliage and low, spreading habit. Good rock garden plant. 30 cm high.
40 cm...3 gal...34.99

Blue Chip Juniper #JUNHOCB

Juniperus horizontalis 'Blue Chip'
(100-125 cm spread) Zone 3
Good as ground cover or in a rock garden. Bright blue foliage remains steely blue in winter. 15 cm high.

NOT AVAILABLE FOR 2017

Gold Strike Juniper #JUNHOGS

Juniperus horizontalis 'Gold Strike'
(150 cm spread) Zone 4
A colourful evergreen groundcover shrub with yellow foliage that matures to gold over the summer and takes on coral tones in fall. Very low growing and very showy. 15 cm high.

NOT AVAILABLE FOR 2017

Icee Blue Juniper #JUNHOIB

Juniperus horizontalis 'Monber' (2 m spread) Zone 2
Wide spreading ground cover only 10-15 cm tall. Dense carpet of silvery-blue foliage tinged with purple in winter. Improved variety of Blue Rug.
40 cm...3 gal...34.99

Limeglow Juniper #JUNHOLG

Juniperus horizontalis 'Lime Glow'
(2 m spread) Zone 4
Low spreading habit similar to Andorra. Rich yellow foliage, tinged orange in winter. 50 cm tall.
30 cm...3 gal...49.99

Mother Lode Juniper #JUNHOML

Juniperus horizontalis 'Mother Lode'
(150 cm spread) Zone 4
Outstanding bright golden-yellow colour in summer turning yellow-orange in fall and purple-tinged in winter. Heat and drought tolerant. Creeping habit. 15 cm tall.
3 gal.....49.99

Compact Andorra Juniper #JUNHOAN

Juniperus horizontalis 'Plumosa Compacta'
(150 cm spread) Zone 2
Fine feathery green foliage turns a rich plum colour in winter. A good compact spreader. 50 cm tall.
40 cm...3 gal...34.99

Dwarf Japanese #JUNPRNA

Garden Juniper
Juniperus procumbens 'Nana'
(100 cm spread) Zone 4
Distinctive creeping form makes it an excellent fronting plant. Superb in rock garden or cascading from a raised planting. 20 cm tall.
40 cm...3 gal...34.99

Calgary Carpet Juniper #JUNSACC

Juniperus sabina 'Monna'
(125-150 cm spread) Zone 3
Slow-growing with very attractive bright green foliage. Very neat and tidy habit. 30 cm tall.
40 cm...3 gal...34.99

Tamarix Juniper #JUNSATA

Juniperus sabina 'Tamariscifolia'
(100 cm spread) Zone 2
Hardy and popular spreading juniper with blue-green foliage. Mounding to 45 cm high.
40 cm...3 gal...34.99

Blue Star Juniper #JUNSQBS

Juniperus squamata 'Blue Star'
(100 cm spread) Zone 5
Mounding irregular globe with intense silvery-blue starry foliage. Good for foundation plantings and rock gardens. 45-60 cm tall.
40 cm...3 gal...34.99
Also available in tree form.....149.99

Siberian Carpet Cypress #MICDE

Microbiota decussata (150 cm spread) Zone 4
Hardy ground cover with bright green cedar-like foliage turning bronze in winter. 30 cm tall.
40 cm...2 gal...32.99

SPRUCE – DWARF FORMS

Dwarf spruces are ideal for smaller gardens, foundation or cemetery plantings, or rock gardens. Plant in rich, moist, well-drained, acidic soil.

Fat Cat Dwarf Spruce #PICABFC

Picea abies 'Fat Cat' (120 cm) Zone 5
A dense, rounded dwarf form of the Norway Spruce. Has very short, stiff needles on short shoots that give it the appearance of a green cat curled up in a ball. Extremely hardy, reliable and slow-growing. Plant in rich, moist, well-drained soil.
3 gal.....99.99

Little Gem #PICABL

Dwarf Spruce
Picea abies 'Little Gem' (50 cm) Zone 3
Dwarf globe shape with very dense foliage that never needs pruning. Good in rock gardens.
40 cm...3 gal...39.99
Tree Form...30 cm head...5 gal....139.99

Nest Spruce #PICABNI

Picea abies 'Nidiformis' (125 cm spread) Zone 3
Slow-growing, low, flat-topped evergreen that needs no pruning and has dark green needles. 60 cm tall.
30 cm...3 gal...39.99

Dwarf Nest Spruce #PICERNA

Picea ericoides 'Nana' (100 cm spread) Zone 4
Rich green dense foliage that forms a neat globe. No pruning required. Ideal for a foundation planting or rock garden.
NOT AVAILABLE FOR 2017

Dwarf Alberta Spruce #PICGLCO

Picea glauca 'Conica' (2 m) Zone 4
Slow-growing dense pyramidal conifer with bright green foliage that needs no pruning and is shade tolerant. Many larger sizes and topiary forms available. A traditional favourite.
40 cm...3 gal...39.99 100 cm...5-7 gal...109.99
70 cm...5 gal...64.99 125 cm...10 gal...299.99
Also available in Spiral/Poodle form:
5-15 gal...219.99-369.99

Rainbow's End #PICGLRE

Dwarf Spruce
Picea glauca 'Rainbow's End' (2 m) Zone 5
Slow-growing, narrow upright conifer with bright green foliage in spring. Creamy-yellow new growth in mid-summer provides stunning contrast.
40 cm...3 gal...49.99

Dwarf Serbian Spruce #PICOMNA

Picea omorika 'Nana' (100 cm) Zone 4
Beautiful slow-growing dense globe. The undersides of the needles are blue-white and quite showy.
30 cm...2 gal...79.99 40 cm...5 gal...139.99

Globe Blue Spruce #PICUGB

Picea pungens 'Glauca Globosa' (100 cm) Zone 2.
Superb showy bright blue foliage. Excellent contrast plant for a rock garden or foundation planting.
30 cm...3 gal...89.99 50 cm...5 gal...169.99

Also available in tree form:
30-40 cm head...5 gal...169.99

Slenderina Weeping #PICPUSW

Colorado Blue Spruce
Picea pungens 'Glauca Slenderina Pendula'
(6 m) Zone 4
Graceful upward, yet weeping, growth habit and a captivating blue colour which emerges silvery-blue in early spring. With minimal pruning required, the Slenderina is a spectacular specimen for any landscape.
NOT AVAILABLE FOR 2017

Weeping Colorado #PICPUPE

Blue Spruce
Picea pungens 'Pendula' (6-8 m) Zone 3
Irregular upright evergreen with pendulous branches and powder-blue foliage. Height is determined by staking. No pruning required. Beautiful specimen or accent plant.
NOT AVAILABLE FOR 2017

Creeping Colorado ☉ **#PICPUCR****Blue Spruce**

Picea pungens 'Procumbens' (3 m spread) Zone 3
 Low creeping evergreen with silver-blue foliage.
 Branches may be pendulous or stiffly horizontal.
 Ideal for draping over rocks or walls.
 80 cm.....6 gal.....329.99

PINE – Dwarf Forms

Dwarf varieties are suitable for small gardens, rock gardens and foundation plantings. The growth rate of pines is easily controlled by removing part of the candle-like new growth in spring.

Mugho Pine ☉🌑 **#PINMUMU**

Pinus mugo 'Mugho' (150 cm) Zone 1
 Compact mounding evergreen with dark green needles. Ideal for foundation and rockery plantings. Prune annually for bushiness and to maintain dwarf habit.
 30 cm...2 gal...34.99

Dwarf Mugho Pine ☉🌑 **#PINMUPU**

Pinus mugo 'Pumilio' (1 m) Zone 1
 Slow growing compact mounding dwarf pine suitable for foundation plantings and rock gardens.
 30 cm...2 gal...34.99 50 cm...5 gal...54.99

Blue Shag Dwarf ☉🌑 **#PINSTBS****White Pine**

Pinus strobus 'Blue Shag' (100 cm) Zone 3
 Dwarf compact rounded evergreen with soft blue-green foliage. Prefers rich, moist, well-drained, acidic soil. Excellent foundation or accent plant.
 40 cm...3 gal...99.99

Dwarf White Pine ☉🌑 **#PINSTNA**

Pinus strobus 'Nana' (1 m) Zone 3
 Dwarf compact rounded evergreen with soft blue-green needles. Ideal foundation or accent plant. Prefers rich, moist, well-drained, acidic soil.
 Only available in tree form:
 40 cm...5 gal...189.99

YEW ☉🌑

Unsurpassed for the ability to prosper in sun or shade and can be formally clipped to maintain height or spread. The Yew is tolerant of city conditions and its dense dark green foliage makes for a superb hedge. Yews require well-drained soil.

Dwarf Golden Yew ☉ **#TAXCUAU**

Taxus cuspidata 'Aurescens' (150 cm) Zone 5
 Very slow-growing variety that needs full sun to retain its bright gold colour. New growth is bright golden-yellow maturing to deep green after first season. 40 cm tall.
 40 cm...3 gal...39.99

Clipped Pyramidal Yew **#TAXCUPY**

Taxus cuspidata 'Capitata'
 (2-3 m) Zone 4
 Ideal for foundation plantings with any exposure including deep shade. Annual trimming required to maintain formal conical form.
 80 cm.....fp.....119.99 100 cm...fp/10 gal....169.99

Clipped Globe Yew **#TAXCUGL**

Taxus cuspidata 'Clipped Globe'
 (150 cm) Zone 4
 Dense dark green foliage clipped to globular form and is ideal for foundation plantings. Trim to maintain desired shape.
 50 cm...5 gal...59.99

Emerald Spreader Yew **#TAXCUES**

Taxus cuspidata 'Monloo' (80 cm) Zone 5
 Slow growing with flat-topped form and inedible red berries. Ideal for ground cover. Spreads to 3 m.
 25 cm...3 gal...49.99

Dwarf Japanese Yew **#TAXCUNA**

Taxus cuspidata 'Nana' (100 cm) Zone 4
 Dwarf compact variety with spreading form and dark green foliage. Choice selection. 100 cm tall.
 40 cm...3 gal...39.99

Dense Yew **#TAXMEDE**

Taxus media 'Densiformis' (2 m spread) Zone 5
 A slow-growing compact variety ideal as a low hedge or foundation planting. 125 cm tall.
 30 cm...3 gal...39.99 50 cm...5 gal...59.99

Hick's Yew **#TAXMEHK**

Taxus media 'Hicksii' (250 cm) Zone 5
 Upright columnar form with dark green foliage and inedible red berries. Ideal for evergreen hedge.
 1 m wide.
 50 cm...3 gal...39.99 125 cm.....bb.....129.99
 60 cm...5 gal...59.99 150 cm.....bb.....149.99
 80 cm...7 gal...99.99

Hill's Yew **#TAXMEHL**

Taxus media 'Hillii' (250 cm) Zone 5
 Compact columnar form. Excellent low maintenance hedge plant with dark green foliage. Usually fruitless but inedible red berries may occur on female plants. 1 m wide.
 50 cm...3 gal...39.99 100 cm...bb....119.99
 60 cm...5 gal...59.99 125 cm...bb....129.99
 80 cm...7 gal...99.99 150 cm...bb....149.99

Ward's Yew **#TAXMEWA**

Taxus media 'Ward's' (125 cm spread) Zone 5
 Irregular spreading to semi-globular habit with rich dark green foliage and inedible red berries. Sun or shade. 1 m high.
 30 cm...3 gal...39.99 50 cm...5 gal...59.99

CEDAR ☉🌑

Upright forms are often used as specimens, wind-breaks, screens and hedges, while dwarf forms are ideal for foundation plantings. Cedars will thrive in sun or partial shade where soil moisture is adequate.

UPRIGHT FORMS**White Cedar** **#THUOC**

(Nursery grown)
Thuja occidentalis (12 m) Zone 2
 Selected nursery-grown native cedar ideal for screen or hedge. Can be maintained at any height. 2 m wide.
 250 cm...wb.....299.99 275 cm...wb.....329.99

Larger sizes may be available;
 contact Humber Nurseries for details.

Pyramid Cedar **#THUOCPY**

Thuja occidentalis 'Fastigiata' (3-4 m) Zone 3
 Handsome pyramidal variety with rich green colour. Good as a screen, hedge, or a vertical accent.
 175 cm.....119.99

For plant insurance use Nutrite Bonemeal 4-10-0

- Slow release, non-burning formula
- Ideal for transplanting all types of plants
- Encourages root development and healthy growth
- Enriched with calcium

**Degroot Spire Cedar** **#THUOCDG**

Thuja occidentalis 'Degroot's Spire' (3 m) Zone 3
 Distinctively narrow pyramidal selection with finely textured dark green foliage. Slow growing.
 50 cm wide.
 125 cm.....5 gal.....89.99 175 cm...10 gal....169.99
 150 cm...10 gal....149.99

Jantar Cedar ☉ **#THUOCJA**

Thuja occidentalis 'Jantar' (150 cm) Zone 4
 Narrow pyramidal habit with dense golden-yellow foliage. Best colour in full sun. 50-60 cm wide.
 125 cm...7 gal...119.99

Black Cedar **#THUOCBL**

Thuja occidentalis 'Nigra' (3-4 m) Zone 3
 Similar to Pyramid Cedar but broader, with dark green dense foliage. Excellent for screening.
 1.5 m wide
 125 cm.....5 gal.....64.99 200 cm...wb...229.99
 150 cm...10 gal...129.99

Larger sizes may be available;
 contact Humber Nurseries for details.

Emerald Cedar **#THUOCEM**

Thuja occidentalis 'Smaragd' (2-3 m) Zone 4
 Slow-growing natural pyramid with rich emerald-green foliage. Very popular, and requires little pruning.

LOCALLY GROWN IN ONTARIO

125 cm...5 gal.....64.99 250 cm..20 gal...319.99
 150 cm...7 gal.....89.99 250 cm...wb.....349.99
 175 cm..10 gal..129.99 275 cm...wb.....399.99
 300 cm...wb.....499.99

Also available in Spiral/Poodle form
 5 gal.....219.99 15 gal.....369.99

Wintergreen Cedar **#THUOCWG**

Thuja occidentalis 'Wintergreen' (6-10 m) Zone 4
 Pyramidal habit with deep green foliage. Holds green colour well in winter. 1.5-3 m wide.
 125 cm...5 gal...64.99 175 cm...10 gal...129.99

Yellow Ribbon Cedar ☉ **#THUOCYR**

Thuja occidentalis 'Yellow Ribbon' (1.5 m) Zone 4
 A dense pyramidal cedar that has emerald green foliage burnished with gold. Valuable for colour in the winter garden.
 30 cm...3 gal...39.99 100 cm...5 gal...64.99

DWARF FORMS**Little Giant Globe Cedar** **#THUOCLG**

Thuja occidentalis 'Little Giant' (100 cm) Zone 3
 Compact dwarf globe that stays bright green in winter. No pruning required.
 30 cm...3 gal...34.99 50 cm...5 gal...49.99

Rheingold Cedar **#THUOCRG**

Thuja occidentalis 'Rheingold' (125 cm) Zone 3
 Mounding habit with golden-bronze new growth turning copper-yellow in winter. 1 m wide.
 3 gal.....34.99

Globe Cedar **#THUOCGL**

Thuja occidentalis 'Woodwardii' (100 cm) Zone 3
 Very popular dense globe-shaped evergreen. Good accent plant.

NOT AVAILABLE FOR 2017**Golden Globe Cedar** ☉ **#THUOCGG**

Thuja occidentalis 'Woodwardii Aurea'
 (100 cm) Zone 3
 A golden variety of the ever popular globe cedar. Excellent winter colour.
 30 cm...3 gal...34.99

Danica Globe Cedar #THUOCDA

Thuja occidentalis 'Danica' (100 cm) Zone 4
Compact rounded habit with dense deep green foliage. No pruning required.
3 gal.....32.99

Fire Chief Globe Cedar #THUOCFC

Thuja occidentalis 'Fire Chief' (100 cm) Zone 3
Multi-stemmed evergreen shrub with a rounded form. The foliage is red at the tips and remains green throughout the winter.
2 gal.....32.99

DWARF HEMLOCK

Many dwarf forms are now available and their ability to thrive in sun or shade permits their use in almost every garden situation. Hemlock prefer rich, moist, acidic, well-drained soil and are not tolerant of wind or drought. Slow-growing.

Cole's Dwarf Hemlock #TSUCACO

Tsuga canadensis 'Cole's Prostrata' (15-30 cm) Zone 5 Prostrate habit with stiff weeping branches. Useful to highlight contours of stone in rock gardens. 150 cm wide.

NOT AVAILABLE FOR 2017

Jeddeloh Dwarf Hemlock #TSUCAJE

Tsuga canadensis 'Jeddeloh' (50 cm) Zone 4
Mounding habit with soft green foliage. Ideal for rock gardens. 100 cm wide.
3 gal.....69.99

Moon Frost Dwarf Hemlock #TSUCAMF

Tsuga canadensis 'Moon Frost' (1 m) Zone 4
Globe habit with bright white new growth. Maintains an overall whitish appearance (pinkish in winter).

NOT AVAILABLE FOR 2017

Weeping Canadian Hemlock #TSUCAPE

Tsuga canadensis 'Pendula' (3 m) Zone 4
A beautiful pendulous form with broad arching branches. Can be staked upright. 2-3 m wide.
110 cm...10 gal...299.99 150 cm...15 gal...549.99

HOW TO PROTECT YOUR EVERGREENS IN WINTER

Most evergreens are completely hardy and need little winter protection. The exceptions are Dwarf Alberta Spruce and broadleaved evergreens such as Rhododendrons as these plants are susceptible to sunburn. We recommend you wrap these plants in late fall with burlap (do not use plastic) to shade them from sun, which is strongest in southern and western exposures. The same applies to newly planted upright evergreens which have had no chance to establish deep roots. By wrapping them you will prevent winter damage due to dehydration. Thoroughly watering evergreens before the onset of winter is essential.

Most winter damage is not caused by cold, but by wind and sun in late winter when the soil is deeply frozen. For this reason the best way to protect plants such as Rhododendrons is first by applying a 20 cm mulch over the roots and second by creating a barrier with burlap to keep out wind and sun. Application of an anti-desiccant also affords protection. Upright evergreens are often damaged by heavy snowfall and ice. To prevent this there are special nettings available which will hold the branches tight and prevent winter damage.

Winter Wrap Protects your evergreens and shrubs from freezing rain and heavy snowfalls. Easy to apply, easy to store, reusable year after year.

Retail Delivery and Planting Charges
HST extra. Delivery charges on price labels indicate minimum charge for curbside delivery within our local delivery area (Zone 'A'). Due to the rising fuel costs, a fuel surcharge may be implemented at any time throughout the year without notice. Minimum delivery charge of \$55.00 applies.
