All trees are guaranteed until July 31st, 2019, except when noted or when planted in containers. Sale items are not guaranteed. Effective Oct 31st, 2019, Humber Nurseries Limited will cease its retail operations at 8386 Hwy. 50, Brampton. Wholesale business transactions will continue under Humber Nurseries 2020 Limited, at 14905 Bramalea Road, Caledon.

**ATTENTION RETAIL CUSTOMERS:** After Humber Nurseries Ltd. closes its Brampton location on October 31st, 2019, please email your landscape plant lists or other inquiries to [humber@gardencentre.com](mailto:humber@gardencentre.com) and receive Wholesale pricing (in lieu of warranty) and delivery quotes, from Humber Nurseries 2020 Ltd.

### MAPLE

Maples are reliable and versatile trees offering colourful foliage, brilliant fall colour, superior shade production and excellent screening value. Maples are also tolerant of urban conditions and relatively free from pest or disease problems.

#### Hedge Maple #ACECATF

*Acer campestre* (10 m) Zone 5

Dense foliage, excellent for screening. Drought tolerant and durable. 10 m wide. Shrub form also available. 75 mm...wb...399.99

Only available at BMTF.

Please call Humber for further inquiries.

#### Armstrong Maple #ACEFRAR

*Acer X freemanii* 'Armstrong' (15 m) Zone 3

Fast growing columnar tree spreading 5-8 m. Deep green foliage turns orange-red in fall.

250 cm...15 gal...219.99 50 mm...wb...349.99  
60 mm...wb...399.99

#### Autumn Blaze Maple #ACEFRAB

*Acer X freemanii* 'Jeffersred' (15 m) Zone 3

Fast growing tree spreading 10 m. Combines the drought tolerance of Silver Maple with the fall colour of Red Maple. 200 cm.....179.99

250 cm.....219.99 60 mm...wb...349.99  
70 mm...wb...399.99 80 mm...wb...429.99

#### Amur Maple #ACEGITF

*Acer ginnala* (6 m) Zone 3

Small tree with fragrant white flowers in spring followed by bright red keys and a spectacular red autumn colour. Excellent for screening. 5 m wide.

250 cm...16 gal...219.99

Also available in shrub form.

Please see Shrub Price List (PL914)

#### Paperbark Maple #ACEGR

*Acer griseum* (9 m) Zone 5

Slow-growing maple with attractive exfoliating bark and red-orange fall colour. 5 m wide.

250 cm...15 gal.....199.99

SHRUB FORM - 200-225 cm...wb...419.99

#### Columnar Maple #ACEPLCO

*Acer platanoides* 'Columnare' (12 m) Zone 5

Rich dark green foliage. This narrow columnar form permits planting in confined areas. 3-4 m wide.

35 mm...16 gal...269.99 60 mm...wb...349.99

#### Crimson King Maple #ACEPLCK

*Acer platanoides* 'Crimson King' (12 m) Zone 4

Deep purple-red foliage. An excellent specimen tree suitable for smaller properties. 10-11 m wide.

250 cm...15 gal...249.99 50 mm...wb...349.99  
60 mm...wb...369.99 70 mm...wb...419.99

Larger sizes may be available.

110 mm.....899.99

#### Crimson Sentry Maple #ACEPLCS

*Acer platanoides* 'Crimson Sentry' (8 m) Zone 4

Narrow columnar form with the same rich purple-red foliage as Crimson King. Suitable for small properties. 5 m wide.

225 cm...15 gal...279.99

#### Deborah Maple #ACEPLDE

*Acer platanoides* 'Deborah' (15 m) Zone 3

A select form with rich purple-red leaves in spring turning dark green in summer, with a straight trunk and symmetrical crown. 13 m wide.

250 cm...16 gal...169.99 60mm...wb...339.99

#### Harlequin Maple #ACEPLHA

*Acer platanoides* 'Drummondii' (12 m) Zone 4

Very showy slow-growing variety with light green leaves edged in white. Ideal to provide colour contrast in the landscape. 8 m wide.

250 cm...16 gal...229.99 70 mm...wb...369.99

#### Emerald Queen Maple #ACEPLEQ

*Acer platanoides* 'Emerald Queen' (15 m) Zone 3

Fast growing tree with a straight trunk and well-shaped head. Rich green foliage in summer turning yellow in fall. 12 m wide.

60 mm...wb...339.99

#### Princeton Gold Maple #ACEPLPG

*Acer platanoides* 'Princeton Gold' (11 m) Zone 5

Brilliant golden-yellow foliage. Ideal as lawn specimen or to provide colour contrast with greens, reds and blues in the landscape. 10 m wide.

250 cm...15 gal...229.99

#### Royal Red Maple #ACEPLRR

*Acer platanoides* 'Royal Red' (12 m) Zone 4

Similar to Crimson King but with improved deep purple colour and faster growth rate. 10-11 m wide.

250 cm...15 gal...249.99 50 mm...wb...349.99

60 mm...wb...369.99

#### Canadian Red Maple #ACERU

*Acer rubrum* (12-15 m) Zone 3

Vigorous native tree with broad round crown spreading 12-15 m. Dark green foliage turns brilliant red in fall. Tolerant of wet locations.

60 cm...2 gal...19.99 175 cm...7 gal...159.99

55 mm...wb...349.99

Varieties available:

#### Armstrong Gold #ACERUAG

Narrow and columnar, 4 m wide. Deep green foliage turns golden-orange in fall.

250 cm...15 gal...229.99 50 mm...wb...359.99

#### Brandywine #ACERUBW

Upright & columnar to oval tree. Deep green foliage, brilliant red-purple in fall. Prefers moist soil, tolerates wet. Seedless. Sun or part shade.

250 cm...15 gal...249.99

#### Redpointe #ACERURP

Densely branched pyramidal tree. Glossy deep green foliage turns bright red in fall. 10 m wide.

200 cm...12 gal...199.99 250 cm...12 gal...219.99

60 mm...wb...379.99 50 mm...wb...359.99

70 mm...wb...399.99 75 mm...wb...469.99

#### Silver Maple #ACESI

*Acer saccharinum* (15-20 m) Zone 4

Fastest growing maple with an oval crown spreading to 15 m. Green foliage with silver undersides turns yellow in fall. Tolerant of very poor conditions and wet or dry soils.

60 cm.....2 gal.....19.99 60 mm...wb.....369.99

200 cm...7 gal.....109.99 70 mm...wb.....399.99

250 cm...15 gal...169.99

#### Sugar Maple #ACESU

*Acer saccharum* (20-25 m) Zone 4

Slow-growing shade tolerant native tree famous for maple syrup. Deep green foliage turns yellow-orange-red in fall. Oval crown spreads 15-20 m.

60 cm.....2 gal.....19.99 60 mm...wb...399.99

150 cm...5 gal...89.99 250 cm...16 gal...229.99

CLUMP FORM - 325 cm...wb.....369.99

Varieties available:

#### Fall Fiesta #ACESUFF

(17-23 m) Zone 4 - Fast growing selection with thick green leathery foliage which resists leaf tatter and turns red-yellow-orange in fall.

15-17 m wide. 250 cm...15 gal...269.99

#### Flashfire #ACESUFSM

(15 m) Zone 4' - Flashfire' is currently the most red of all the Southern heat adapted types.

Good mildew resistance, strong growth and early fall colour. It is shade tolerant, but best growth, form and colour will occur when grown in sun. 250 cm.....15 gal.....269.99

#### Green Mountain #ACESUGM

Vigorous variety 22 m tall and 17 m wide. Darker green leathery foliage.

250 cm...15 gal...189.99 60 mm...wb...399.99

70 mm...wb...419.99

#### Temple Pyramid #ACESUPY

(20 m) Zone 4. Narrow columnar tree. Deep green foliage, orange-red in fall. Ideal for confined spaces. Prefers rich moist well drained soil. Sun or shade 70 mm...wb.....389.99

#### Crimson Sunset Maple #ACETRC5

*Acer truncatum* X 'JFS-KW202'

(12 m) Zone 5. Upright oval compact tree with dense deep purple foliage turning maroon-bronze in fall. Excellent heat tolerance. Small maroon-yellow flowers in spring. Prefers rich, moist, well-drained soil. 250 cm...15 gal.....249.99

## CHESTNUT

### Ohio Buckeye #AESGL

*Aesculus glabra* (10-15 m) Zone 4  
Oval native tree with picturesque branching habit. Yellow-green foliage turns orange-red in fall. Yellow flowers in spring followed by inedible brown nuts. 6-8 m wide. 200 cm...10 gal...189.99  
50 mm...wb...329.99 70 mm...wb...349.99

### **Common Horse Chestnut #AESHI**

*Aesculus hippocastanum* (18 m) Zone 5  
Slow-growing tree with showy large white flowers in spring and spiny capsules containing inedible nuts in fall.

Variety available:

### **Baumanni #AESHIBA**

Frutless variety. 9 m tall and 7 m wide. 250 cm...7 gal...179.99

### Yellow Buckeye #AESFL

*Aesculus flava* (A. octandra) (20 m) Zone 4  
Large oval native tree with dark green foliage turning orange-red in fall. Clusters of yellow flower spikes in spring followed by inedible brown nuts. 250 cm...10 gal...209.99

## SERVICEBERRY TREE

### Downy Serviceberry Tree #AMECATF

*Amelanchier canadensis* (8 m) Zone 4  
Hardy tree with white flowers in spring followed by edible purple-blue berries. Green foliage turns yellow-orange-red in fall. 4 m wide. 250 cm...15 gal...279.99 60 mm...wb...339.99

Also available in shrub form.

Please see Shrub Price List (PL914)

Variety available:

### **Autumn Brilliance #AMEGRABTF**

Faster growing with improved branching habit and brilliant red-orange fall colour. (8 m) 250 cm...15 gal...249.99

## BIRCH

Highly ornamental trees with white bark and yellow fall foliage. Birch are excellent as lawn specimens with a high canopy and small leaves that allow sun to filter through.

**Note:** The loss of a single stem of a multi-stem tree is not sufficient grounds to claim a replacement under our guarantee.

### Yellow Birch #BETAL

*Betula alleghaniensis* (20-30 m) Zone 3  
Large rounded native tree with exfoliating yellow-silver-grey bark. Medium green foliage turns yellow in fall. Most shade tolerant birch. 60 mm...wb...399.99

### River Birch #BETNI

*Betula nigra* (12 m) Zone 4  
Large oval native tree ideal for wet areas or areas which are wet in spring and drier in summer. Exfoliating white-brown bark with strong pink tones. Dark green foliage turns yellow in fall. 10 m wide. 250 cm...15 gal...229.99  
60 mm...wb...399.99

### **Heritage River Birch #BETNIHE**

*Betula nigra* 'Cully' (12 m) Zone 4  
Broad oval tree with deep green foliage that turns yellow in fall. Reddish-brown bark peels to pinkish-white. Excellent for areas which are wet in spring and drier thereafter. Borer resistant. 10 m wide. CLUMP FORM: 225 cm...10 gal...179.99 60 mm...wb...399.99  
250 cm...15 gal...249.99

### Shiloh Splash Birch #BETNISS

*Betula nigra* 'Shiloh Splash' (9-10 m) Zone 5. Upright oval tree with bright green-white variegated foliage, tinged pink in spring and turning yellow in fall. Pink-red-brown exfoliating bark. Disease resistant. Prefers rich, moist, well-drained soil, but also tolerates wet/dry soil. 250 cm...wb...299.99

### Paper Birch 'Clump' #BETPACL

*Betula papyrifera* (12 m) Zone 3  
Native birch with white bark that peels with age. Yellow fall colour. Resistant to birch borer. 10 m wide. 175 cm...5 gal...79.99  
225-250 cm...15 gal...229.99

## PEASHRUB TREE

### **Weeping Siberian Peashrub #CARARPE**

*Caragana arborescens* 'Pendula' (2 m) Zone 2  
Branches cascade from the top and make for good winter interest. Yellow flowers in spring and covered with small green leaves in summer. 2 m wide. 100 cm...7 gal...129.99

Also available:

### **Walker's #CARARWA**

(2 m) Zone 2. Delicate fine green foliage and weeping habit. 120 cm...7 gal...129.99

### **Pyramidal Hornbeam #CARBEPY**

*Carpinus betulus* 'Fastigiata' (10 m) Zone 5  
Columnar when young then develops an upright oval head. Tolerant of pollution and poor soil. 4 m wide. 200 cm...potted...209.99 250 cm...15 gal...299.99  
60 mm...wb...399.99 70 mm...wb...429.99

Varieties available:

### **Frans Fontaine #CARBEFF**

(11 m) Zone 5. Maintains narrow columnar form. 2.5 m wide. 250 cm...15 gal...279.99  
60 mm...wb...399.99 70 mm...wb...429.99

### **Lucas #CARBELU**

Narrow columnar tree 5-8 m tall and 2-2.5 m wide. Medium green foliage turns yellow-orange in fall. 150 cm...bb...249.99

### Blue Beech #CARCA

*Carpinus caroliniana* (10 m) Zone 3  
Handsome native tree also known as American Hornbeam. Branching is attractive in winter and its dark green foliage turns orange-red in fall. Tolerates moist soil. 10 m wide. 250 cm...15 gal...279.99 55 mm...wb...379.99  
50 mm...wb...369.99 60 mm...wb...389.99

### **Native Flame #CARCANF**

*Carpinus caroliniana* 'JFS-KW6' (6m) Zone 5  
Upright oval tree. Deep green foliage, bright red in fall. Red catkins in spring. Inedible nuts. Insect and disease resistant. Prefers rich moist well drained soil. Adaptable. Sun or shade. 250cm...15 gal...249.99

### **Globe Catalpa #CATBINA**

*Catalpa bignonioides* 'Nana' (3m) Zone 5  
Dense round head with large green leaves. Cut back in early spring leaving only 10 cm of last year's growth. 125 cm...10 gal...129.99  
40 mm...16 gal...229.99

### Northern Catalpa #CATSP

*Catalpa speciosa* (15 m) Zone 5  
Fast-growing native tree with large heart-shaped leaves and conspicuous white flowers in June. Long brown seed pods remain visible in winter. 12 m wide. 45 mm...16 gal...189.99  
50 mm...wb...299.99

### Common Hackberry #CELOC

*Celtis occidentalis* (20-30 m) Zone 3  
Tough and hardy native tree. Green foliage turns yellow in fall. Not subject to insect or disease problems. Grows in poor, wet or dry soil. Tolerates wind and pollution. 60 cm...2 gal...19.99 175 cm...7 gal...149.99  
250 cm...16 gal...199.99 60 mm...wb...349.99  
65 mm...wb...369.99 70 mm...wb...389.99

Variety available:

### **Prairie Sentinel #CELOCPS**

(15 m) Zone 4. Tight columnar tree with ascending branches. Medium green foliage, yellow in fall. Yellow flowers in spring. Edible purple berries. Tolerates heat, cold, poor growing conditions, drought and pollution. Insect and disease resistant. Sun or part shade. 250 cm...15 gal...209.99 60 mm...wb...399.99

### **Katsura Tree #CERJA**

*Cercidiphyllum japonicum* (12 m) Zone 5  
Beautiful specimen tree with round foliage that emerges pink-purple then turns bluish-green in summer and yellow-orange in fall. Prefers rich, moist soil. Free from insect and disease problems. 4-5 m wide. MULTI-STEM - 250 cm...15 gal...369.99

TREE FORM:

200 cm...7 gal...139.99 60 mm...wb...419.99  
250 cm...15 gal...189.99

### **Hanna's Heart Katsura #CERJAHH**

*Cercidiphyllum japonicum* 'Biringer' (7-8 m) Zone 4  
Upright, yellow coloured tree with dark green foliage throughout the summer. 2-3 m wide. 250 cm...15 gal...189.99

### **Claim Jumper Katsura #CERJACJ**

*Cercidiphyllum japonicum* 'HSJ1' (7 m) Zone 4  
Upright form with soft golden leaves from spring to frost that emerge with a pink blush and unfurl to yellow. 3.5 m wide. 175 cm...15 gal...209.99

### **Weeping Katsura Tree #CERJAPE**

*Cercidiphyllum japonicum* 'Pendula' (4 m) Zone 5  
Beautiful weeping specimen tree with branches. 4 m wide. 120 cm...7 gal...179.99

### **Red Fox Katsura Tree #CERJARF**

*Cercidiphyllum japonicum* 'Rotfuchs' (7-10 m) Zone 4  
Narrow upright tree with deep purple foliage in spring turning green-purple in summer and gold-orange-pink in fall. Prefers rich, moist, well-drained soil. Insect and disease resistant. 4-5 m wide. 200 cm...15 gal...189.99 250 cm...12 gal...239.99

### Fringe Tree #CHIVITF

*Chionanthus virginicus* (5 m) Zone 4  
Small native tree with deep green foliage turning yellow in fall. Fragrant white flowers in late spring followed by inedible blue berries. 4 m wide 100 cm...7 gal...139.99 150 cm...7 gal...149.99  
Also available in shrub form.  
Please see Shrub Price List (PL914)

### Yellowwood #CLALU

*Cladrastis kentukea* (C. lutea) (12 m) Zone 4  
Native tree with low branching, broad round crown and pendulous fragrant white flowers in spring. Foliage emerges yellow then turns green in summer and golden-yellow in fall. Problem-free. 12 m wide. TREE FORM - 200 cm...169.99  
MULTI-STEM - 250 cm...wb...299.99

**Eastern Redbud** #CERCA

*Cercis canadensis* (6-10 m) Zone 6  
Attractive native tree with green foliage turning yellow in fall. Clusters of small pink flowers appear before the leaves emerge in early spring. 6-10 m wide.

**PROTECT OVER WINTER**

MULTI-STEM:
