JAPANESE MAPLES ☀☾

Acer palmatum Zone 5

100% Two Year Guarantee
Except where stated.

Unsurpassed specimen plant which deserves a place in every garden. Available in upright or weeping cutleaf forms with green, red or variegated foliage. Prefers slightly acidic well drained soil which is moderately and constantly moist. Fertilizer requirements are minimal—once only in early spring with water soluble all-purpose plant food. Japanese Maples are subject to very few pests.

Mulch roots and protect with burlap in winter.

Bloodgood (5 m) #ACEPABG

HYDRANGEA

A genus of long-lived flowering shrubs and climbers that do best in rich, moist, well-drained soil. In the heat of summer, additional irrigation is often necessary and mulch will aid in conserving moisture. They grow well in sun or part shade provided that adequate moisture is maintained.

BIG LEAF HYDRANGEA (*Hydrangea macrophylla*)

SMOOTH HYDRANGEA (*Hydrangea arborescens*)

A very hardy species with smooth leaves and a clump forming habit. Very large flowers can be produced by pruning last year's growth, but larger blooms may cause the stems to bend under heavy weight (and even more so in the rain). If not pruned, the shrub will produce smaller blooms and less stem support will be required.

VARIETY	BLOOMS ON CURRENT & PRIOR YEAR'S GROWTH	PRODUCT ID	COLOUR	TYPE	SIZE (cm)	2 gal	3 gal	5 gal

🍂 VIRGINIA SWEETSPIRE ☀️

Itea virginica (125 cm) Zone 5
Upright native shrub with rounded, arching form and fragrant white flower spikes in summer. Dark green foliage turns brilliant red-purple in fall.

Varieties available:

Henry's Garnet

(125-150 cm) rounded form
25 cm.....2 gal.....29.99

#ITEVIHG**Little Henry (PW)**

(60-80 cm) dwarf compact variety
2 gal.....32.99

#ITEVILH**Japanese Kerria** ☀️

Kerria japonica (125 cm) Zone 5
Attractive bright green leaves and stems and single yellow flowers in spring.

NOT AVAILABLE FOR 2017

Double Japanese Kerria ☀️🌙 **#KERJAPL**

Kerria japonica 'Pleniflora' (125 cm) Zone 5
Bright green leaves and stems and double yellow flowers in spring.
2 gal.....21.99

Leptodermis ☀️🌙**#LEPOB**

Leptodermis oblonga (50 cm) Zone 5
Small mounding shrub with small very fragrant violet-purple flowers in summer and fall and rich green foliage. Prefers moist well drained soil.
2 gal.....34.99

Amur Privet ☀️🌙**#LIGAM**

Ligustrum amurenses (2-3 m) Zone 4
Fast-growing traditional favourite for hedging which forms a dense upright shrub if left unpruned. White flowers in spring are followed by persistent inedible black berries.
2 gal.....17.99

🍂 Spicebush ☀️**#LINBE**

Lindera benzoin (2-4 m) Zone 4
Rounded native shrub with fragrant yellow flowers in spring followed by edible red berries. Green foliage turns yellow in fall. Prefers moist, acidic soil. Insect and disease resistant.
2 gal.....17.99 3 gal.....42.99

HONEYSUCKLE ☀️

Lonicera species (2-3 m) Zone 3
Hardy shrub that will grow in almost any soil and is tolerant of shade. Fragrant flowers in early summer are followed by colourful inedible berries in autumn.
Variety available:

Clavey's Dwarf

Compact (150 cm), creamy-white flowers and red berries.

#LONXYCL

2 gal.....17.99

🍂 Bayberry ☀️🌙**#MYRPE**

Morella (Myrica) pensylvanica (200 cm) Zone 5
Dark green aromatic foliage and edible silver-blue berries. Native. Tolerant of poor, sandy, wet or dry soils and salt. Plant in groups to ensure fruit production.
40 cm.....3 gal.....32.99

MOCK ORANGE ☀️🌙

Philadelphus species (200 cm) Zone 4
Traditional favourite with sweetly scented white flowers in spring and dark green foliage.

Varieties available:

Golden

(125 cm) single flowers, bright golden foliage
2 gal.....29.99

#PHICOU**Miniature Snowflake**

(60 cm) compact, double flowers, floriferous
2 gal.....22.99

#PHIHBMS**Snowflake**

(200 cm) rounded, large double white flowers
2 gal.....21.99

#PHIHBSP**Red Chokeberry** ☀️🌙**#PHOPYBR**

Photinia pyrifolia 'Brilliantissima' (*Aronia arbutifolia*) (1-4 m) Zone 4. Rounded shrub with glossy dark green foliage turning deep red in fall. Fragrant white flowers are followed by persistent bright red edible berries. Adaptable to wet or dry soil.
50 cm.....3 gal.....34.99

Black Chokeberry ☀️🌙**#PHOMEAM**

Photinia (Aronia) melanocarpa 'Autumn Magic' (1-2 m) Zone 4. Similar to Red Chokeberry, but with bitter purple-black edible berries.
50 cm.....3 gal.....34.99

🍂 NINEBARK ☀️🌙**#PHYOP**

Physocarpus opulifolius (2-3 m) Zone 3
Native upright spreading shrub which tolerates poor, wet or dry soils. Green foliage turns yellow in fall. White flowers in spring are followed by inedible reddish seed pods. Exfoliating bark is attractive in winter. Ideal for hedging.

Varieties available:

Amber Jubilee (FE)**#PHYOPAJ**

(150-175 cm) Compact and round. New foliage is yellow-orange, maturing to bright lime green and purple in fall.
2 gal.....39.99 60 cm...5 gal...59.99

Burgundy Candy**#PHYOPBC**

(60-70 cm) Dwarf rounded variety with rich burgundy-purple foliage from spring until fall.
2 gal.....29.99

Ginger Wine (FE)**#PHYOPGW**

(150-175 cm) Compact rounded shrub. New foliage is yellow-orange, maturing to lime-green and purple in fall.
30 cm.....2 gal....42.99

Lemon Candy**#PHYOPLC**

(60-80 cm) Rounded compact shrub with sturdy branching. Bright yellow foliage matures to chartreuse.
2 gal.....29.99 60 cm...5 gal...59.99

Little Angel**#PHYOPLA**

(200-300 cm) Rounded shrub with deep green foliage turning yellow in fall.
20 cm.....1 gal....24.99

Little Devil (FE)**#PHYOPLD**

(125 cm) Compact rounded shrub with small deep purple foliage.
2 gal.....39.99 60 cm...5 gal...59.99

Summer Wine (PW)**#PHYOPSW**

(150 cm) Compact rounded habit with finely cut crimson-red foliage and pink-white flowers. Best in full sun.
2 gal.....32.99 60 cm...5 gal...59.99

Tiny Wine Gold (FE)**#PHYOPTWG**

(150-175 cm) Compact rounded shrub. New foliage is yellow-orange, maturing to lime-green and purple in fall.
30 cm.....2 gal....42.99

POTENTILLA ☀️🌙

Potentilla fruticosa (60-90 cm) Zone 3
Hardy native shrub tolerant of wet or dry soils and extreme cold. Prefers moist well drained fertile soil. Versatile plant with a long blooming period and valuable for a degree of colour unattainable with most other plants. Clean dainty blue-green foliage and excellent flower colour.

Varieties available:

Abbotswood #POTFRAB
White flowers, 60 cm high and wide
2 gal.....17.99

Goldfinger #POTFRGF
Yellow flowers, 60 cm high and 100 cm wide
2 gal.....17.99

Goldstar #POTFRAB
Bright yellow flowers, 90 cm high and 60 cm wide
2 gal.....17.99

Happy Face Pink (PW) #POTFRHP
Light pink flowers, 60-90 cm high and wide
30 cm.....2 gal....34.99

Mango Tango #POTFRM
Yellow-orange flowers, 60 cm high and wide
2 gal.....17.99

McKay's White #POTFRMW
White flowers, 90 cm high and wide
2 gal.....17.99

Pink Beauty #POTFRPB
Pink flowers, 50-60 cm high and wide
2 gal.....17.99

Red Ace #POTFRRA
Red-orange flowers, 60 cm high and 80 cm wide
2 gal.....17.99

Yellow Gem #POTFRYG
Yellow flowers, 30 cm high and 80 cm wide
2 gal.....17.99

ORNAMENTAL CHERRY ☀️

Many of these *Prunus* varieties produce no fruit. They are grown for early spring flowers (usually pink or white). Purple Sandcherry has the added bonus of colourful foliage all season.

Purple Sandcherry #PRUCI
Prunus X cistena (200 cm) Zone 3
Delightful flowering shrub with purple foliage all season and pinkish-white flowers in spring.

50 cm.....3 gal....24.99 100 cm...7 gal....79.99

Also available in tree form. Please see Shade and Ornamental Tree Price List (PL908)

Fuji Flowering Cherry #PRUINFJ
Prunus incisa 'Kojo-no-mai' (2.5 m) Zone 5
Rounded shrub with zig-zag branching and bronze-green foliage turning orange-red in fall. Profuse display of small pink flowers with red centre in spring and inedible purple berries.
60 cm.....5 gal....54.99

Double Flowering Almond #PRUTRMU
Prunus triloba 'Multiplex' (250 cm) Zone 3
Popular spring flowering shrub with a sensational display of double bright pink blooms in spring.
60 cm.....5 gal....54.99

Also available in tree form. Please see Shade and Ornamental Tree Price List (PL908)

Common Chokecherry #PRUVI
Prunus virginiana (8 m) Zone 3
Native shrub valued for wildlife plantings with white blooms in spring followed by bitter dark purple edible berries in summer. Dark green foliage turns red-purple in fall. Drought tolerant.
2 gal.....19.99

SUMAC ☀️

Fragrant Sumac #RHUAR
Rhus aromatica (100 cm) Zone 3
Low-growing shrub ideal for slopes, banks and erosion control. Brilliant red fall colour.
2 gal.....17.99

Gro-Low Fragrant Sumac #RHUARGL
Rhus aromatica 'Gro-Low' (75 cm) Zone 4
Low-growing bushy ground cover spreading to 2 m. Brilliant red fall colour.
2 gal.....17.99

Smooth Sumac #RHUAR
Rhus glabra (250 cm) Zone 4
Irregular branching habit is of architectural interest. Smooth woody stems with red and orange fall colour. Spreads rapidly via suckers.
NOT AVAILABLE FOR 2017

Cutleaf Smooth Sumac #RHUGLLA
Rhus glabra 'Laciniata' (2.5 m) Zone 2
Vigorous fast-growing shrub with finely dissected green leaves turning orange-red-purple in fall and smooth bark. Scarlet hairy fruit persist into winter.
125 cm.....5 gal....49.99

Staghorn Sumac #RHUTY
Rhus hirta (typhina) (5 m) Zone 3
Ideal for screening, dry slopes and naturalizing, with scarlet fruit and orange-scarlet fall foliage colour. Spreads rapidly via suckers.
2 gal.....17.99

Also available:

Dissecta #RHUTYDI
(250 cm) Finely cut green foliage turns brilliant red-orange-yellow in fall. Branching is spreading and sweeping.
2 gal.....19.99

Tiger Eyes (FE) #RHUTYTE
(150 cm) Pink stems and golden cutleaf foliage turns brilliant orange-scarlet in fall.
3-5 gal.....49.99

Alpine Currant #RIBAL
Ribes alpinum (120 cm) Zone 2
Compact shrub that makes an excellent hedge. Dark green foliage turns yellow in fall.
50 cm.....2 gal....19.99

Flowering Raspberry #RUBOD
Rubus odoratus (150 cm) Zone 5
Large rose-purple fragrant flowers in July are followed by edible purple-red berries. Prickly deep green foliage turns yellow in fall. Good in moist soil.
2 gal.....19.99

WILLOW ☀️

Salix species
Fast growing shrubs with narrow leaves, attractive catkins and are tolerant of wet conditions.

Flame Willow #SALALFM
Salix x alba 'Flame' (4 m) Zone 5
Upright oval shrub with grey-green foliage turning yellow in fall, grey-brown catkins in spring and orange-red stems in winter. Adaptable. Prefers moist or wet soil
2 gal.....16.99

Flamingo Dwarf Willow #SALALFM
Salix integra 'Flamingo' (60 cm) Zone 4
Compact rounded shrub with deep pink foliage in spring becoming variegated with green, white and pink.
2 gal.....19.99 80 cm.....5 gal....49.99

Pussy Willow #SALDI
Salix discolor (6 m) Zone 4
Grey-green leaves and silver-pink catkins in spring. 1.5 m wide.
2 gal.....16.99

Dappled Willow #SALHBHN
Salix integra 'Hakuro nishiki' (150 cm) Zone 4
Rounded shrub with pink branchlets and variegated bright green-white-pink foliage. Regular shearing required to maintain variegation.

Only available in tree form. Please see Shade and Ornamental Tree Price List (PL908)

Blue Artic Willow #SALPUGR
Salix purpurea 'Nana Gracillis' (125 cm) Zone 4
Dwarf shrub with dense narrow pointed blue-green dense foliage and purple winter stems. Ideal for a low hedge. 150 cm wide.
2 gal.....17.99

ELDER ☀️🌙

Sambucus species (2-3 m) Zone 4
Fast growing shrubs with white flowers in spring followed by clusters of edible black fruit which are excellent for jellies, wine and attracting birds. Prefers moist but tolerates dry soil.

American Elder #SAMCA
Sambucus canadensis (3 m) Zone 4
Rounded native shrub with deep green leaves turning yellow in fall. Yellow-white flowers in summer are followed by clusters of small edible black berries. Tolerant of shade and wet or dry soil.
2 gal.....19.99

Also available:

Black Lace (PW) #SAMNIBL
Finely dissected deep purple-black foliage turning rich red in fall. Creamy-pink flowers in spring are followed by edible red-black berries.
2 gal.....39.99 5 gal.....64.99

Golden #SAMCAAU
Bright golden-yellow foliage, white flowers and edible red-purple berries.
50 cm.....3 gal....29.99

Lemony Lace (PW) #SAMRALL
Compact and round. 100-150 cm. Fern-like bright gold-green foliage, white flowers and edible red berries.
2 gal.....39.99

False Spirea #SORSO
Sorbaria sorbifolia (150 cm) Zone 2
Vigorous shrub with attractive deep green foliage and plumes of creamy white flowers in summer. Salt tolerant.
2 gal.....17.99

Also available:

Sem #SORSOSE
Dwarf compact variety, 100 cm high and wide
2 gal.....22.99 60 cm.....5 gal....49.99

SPIREA ☀️

There are two main groups - usually taller spring flowering varieties with white flowers and summer flowering types that are more compact and have pink or red flowers, often with colourful foliage.

SPRING FLOWERING TYPES

Bridalwreath #SPIVH
(200 cm) Zone 4, arching habit, white flowers
